

RE-ROOFING

Harveytile has designed their profiles to the highest technological global standards ensuring strength, durability, good looks and easy handling. With the tile mass being so much lighter than conventional tiles, in

flexibility and manoeuvring, working with Harveytile is so much easier, not to mention the time and materials that are saved in the process.

These features make Harveytile ideal for re-roofing and being so light there is no need to reinforce the timber structure.

In addition because Harveytile

The unique overlapping design and fixing, result in a finished product which is both weather resistant to the elements and impenetrable to burglars.

Re-roofing with Harveytile gives your roof added insulation which will keep your building cooler in summer and warmer in winter.

The Harveytile re-roofing system is maintenance free which means you do not have the inconvenience of fixing leaks, replacing broken tiles or repainting every few years.

Harvey Roofing Products has a nationwide network of licensed contractors who guarantee their workmanship.
